

```
private void button1_Click(object sender, EventArgs e)
{
    int i, a, b, s = 1;
    a = Convert.ToInt32(numericUpDown1.Value);
    b = Convert.ToInt32(numericUpDown2.Value);
    for (i = a; i <= b; i++)
    {
        if (i % 2 == 1)
        {
            listBox1.Items.Add(i);
            s += i;
        }
    }
    label1.Text=s.ToString();
}
```
